## ■What is OPTiM Contract?

OPTiM Contract complies with the electronic preservation requirements for electronic transactions under the Electronic Books Maintenance Act, and is an AI-powered contract management service available from 9,980 yen per month (excluding tax).

## ■Features of OPTiM Contract

### • AI Automates Contract File Data Conversion

By analyzing scanned data of paper contracts and electronic contract files with AI, and extracting information such as company names and validity periods to create a ledger, the burden of manual ledger creation is reduced.

### • Automate Contract Duration Management

When the contract end date or the cancellation notice date for an auto-renewal contract, extracted by AI, approaches, automatic email notifications are sent to relevant parties, automating deadline management.

### • Compliant with Electronic Books Maintenance Act Requirements for Mandatory Preservation

Electronically concluded contract files can be stored and managed in accordance with the storage requirements for electronic transaction data, as mandated by the Electronic Books Maintenance Act.
